How are you and your family?

For me, I am still feeling well and our family is also living a good life too. My name is Eunice, I am a girl of sixteen years old.

I live in a village called Olet Green Valley, Abyee Sub Parish, Agwayugi Parish, Kamogi sub county, Amuru District. It is located in Northern Uganda and Uganda is the one of the East African countries.

At school, we learn English, Science, Social Studies, Maths, Religious Education, Physical Education, Music, Drama, Dance, Debate and vernacular language. We also learn more about River Nile in Social Studies because it is the longest river in the world and started from our country Uganda.

Apart from learning at school, I usually work in the garden during weekends and holidays but on Sunday I go to the church for praying. And during my freetime I enjoy reading Bible and playing, singing Gospel Song.

~~Eng~~ Enough about me, what do you like? What do you do during your freetime? At what time

I would love to know what you do in school and at home.

I hope to hear from you also.

AKUMU Eunice.
