Dear friend in the UK

I am so interested to write to you this letter.

I am OPIRO RICHARD IVAN in P7 in our school here in AMURU district, Northern Uganda.

I would like to have a friend / friends in the UK.

I am like football because I need to get enough knowledge about football and I can become the world class player in the world like Rodney.

I am always wake up early in the morning, brushing my teeth and begin play football.

I am know that our country is poor but help me, can you help me about that thing I mention like bag, pen shoes and all school need.

If I would build my own school player ground I would make it a term of football.

And make the pupils to enjoy the school football term.  
My friend, we shall talk alot if you reply my letter

Thanks

Your friend OPIRO RICHARD IVAN
