Hello, friend from UK.

How are you doing over there let me hope the atmosphere of UK is taking you cool and nice to me since the atmosphere of Uganda is conducive taking me good. I am very excited to meet you through this letter, and I am Ugandan by nationality and Acholi by tribe and 16 year of age. In Uganda I stay in northern part i.e. Amuru district. I am still on my way of academic path where I sat for my paper i.e. U.C.E this year and my main aim is to be a great farmer. Since we have plenty land good enough it is fertile. I need to deal with horticulture with well and modernise equipment. I need to export my product up to you in UK.

Wow, my friend let me <sup>you</sup> remind you Uganda is the most beautiful country in Africa with nice looking physical features example; - mountain with spurs, landscape, waterfall. Traditionally let mother = Alison bear me a witness how nice and sweet is our traditionally dance.

My hobbies are :- Football, esp song, reading novel/gosple.

Ho, my friend we shall jazz more ~~sto~~ story when you reply my letter.

Thanks yours friend
